A VISION FOR OUR SENIORS

It is our hope and desire that upon graduating high school, the seniors in this ministry will, with God's help, and instructed by God's Word, be persons of maturing faith demonstrating these characteristics: seeks spiritual growth, believes and can articulate how God has been, and is, present and active: in their lives, in the church, and in the world; acts out of a commitment to faith and Christian identity that have been modeled by parents, other adults in congregation, and peers; is active in worship with God's people; lives out a life of service, justice, and stewardship; and understands Christian community and the Christ-centered relationships therein to be the locus of vital faith.
